Interior Plant Reference

make your home so comfortable with refreshing plants

How to care for plants

Take care of plants with all your heart

Adjust Lighting

When caring for indoor plants, make sure the room temperature is neither too cold nor too hot

Don't water too often

Watering ornamental plants indoors does not have to be done every day.

Don't water too often

Watering ornamental plants indoors does not have to be done every day.

Fertilize regularly

The nutrients most indoor houseplants need are nitrogen for balance and potassium for stem strength
